Hi Rafael,

Great to hear from you! Wow, that does sound busy – I bet Puerto Rico was rough. Please take the time you need to catch up; I just wanted to make sure we do connect at some point. The best day/time to reach me is on Fridays between about 9 and 4. If you have a few minutes this Friday or next, that would be great.

Subject: Container Life Cycle Management notices of violation

Mr. Gonzalez,

I am writing in reference to the Nov. 27, 2017, notices of violation the EPA issued to Container Life Cycle Management (<https://www.epa.gov/wi/epa-investigating-milwaukee-company-potential-environmental-violations>). I am the

However, it has come to my attention that the information I provided to the DNR and EPA has only been shared with the criminal sides of those agencies, not with civil EPA.

According to a recent Milwaukee Journal Sentinel article

(<https://www.jsonline.com/story/news/investigations/2018/01/27/epa-may-sue-barrel-company-negotiations-violations-compliance/1056057001/>), civil EPA is considering settling these violations. I have great concerns about civil EPA settling these violations without having my information that demonstrates the company has misrepresented important facts to the EPA in this process.

I would appreciate the opportunity to speak with someone with authority in this case on this matter.

Thank you!

Sincerely,
